We long to welcome you back to our sanctuary of lodges and so, have implemented our strategic plan to receive guests as soon as the Lockdown is lifted. Safety, health and comfort are key to our post-Covid-19 strategy which has been developed in line with World Health Organisation recommendations and in consult-ation with our medical advisors at Africa Safe-T.

We have also realigned our booking terms and cancellation policies to give you flexibility and peace of mind.

Please contact us if you have any questions or concerns.
